

PROTECTING THE PLANET

ANTHONY ANDREAS ALMAGUER

PRESERVING THE EARTH

WE LIVE ON A MIGHTY SPHERE OF ROCK AND WATER, STURDY ENOUGH TO WITHSTAND INTENSE BATTERING BY SPACE DEBRIS OVER MANY MILLENNIA.

WHILE OUR EARTH IS DURABLE ENOUGH TO BEAR SUBSTANTIAL DAMAGE, WE SHOULD CONSIDER OUR RESPONSIBILITY TO PRESERVE ITS ABUNDANCE AND SAFETY. EFFECTIVE STEWARDSHIP OF THE PLANET WILL PROVIDE RESOURCES FOR POSTERITY.

KEEPING THE WATERS BLUE

THIS SLIDE IS ENTITLED KEEPING THE WATERS BLUE. IT FEATURES A BEAUTIFUL LAKE SCENE WITH MOUNTAINS AND TREES REFLECTED IN THE CLEAR BLUE WATER.
